

Annual NuSTAR Meeting

March 21 - 23, 2007, GSI, Darmstadt, Germany

NuSTAR Annual Meeting, 2nd Announcement

Dear colleagues,

on behalf of the "NUSTAR Board of Representatives" we would like to invite you to the

NuSTAR Annual Meeting 2007

GSI, Darmstadt, March 21-23

The programme will include recent results from our running experimental and theoretical activities in nuclear structure, reactions and astrophysics. News from the NUSTAR projects and related international facilities will be reported. The GENCO ceremony, rewarding young scientists for outstanding research in our field, will be a highlight, and the Council Meeting provides an opportunity to discuss common issues of our community.

Please go to the meeting website <http://www.gsi.de/nustar07> to register, to receive travel information and to find details on the programme, as well as on accompanying collaboration and working group meetings.

A number of rooms have been held back in a few hotels around Darmstadt (see meeting web site <http://www.gsi.de/nustar07> → 'Venue, Travel & Accommodation'). We ask all participants to make their own reservation directly with the hotel of their choice. We recommend making these reservations at the earliest convenience, because of fairs in Darmstadt and Frankfurt.

You may find additional information on the general NuSTAR webpage http://www.gsi.de/fair/experiments/NUSTAR/index_e.html

Looking forward to welcoming you soon.

Best regards,

Jürgen Gerl and Hans Geissel
